

FILES TO SUBMIT

To complete your camera-ready submission, we kindly ask authors to prepare one ZIP file that includes the following items:

- Final camera-ready paper
 - PDF version
 - Source files
- Proof of payment
- Similarity report
- Copyright form signed by the corresponding author
- Response to reviewers (*optional*)

Guidelines for Preparing the Camera-Ready Paper

- The final manuscript should follow the official [Springer CCIS template](#) (Word or LaTeX)
- The paper should not exceed 15 pages, including all references, figures, and tables.
- Please make sure that all figures are high-quality, easy to read, and include captions.
- All references must be correctly cited in the text and formatted according to Springer's guidelines.
- The PDF version must be submitted together with the source files, as required by Springer:
 - For LaTeX users: please upload a ZIP folder containing all .tex files, images, bibliography files (.bib), and any additional style files.
 - For Word users: please submit the macro-enabled Word document (.docm) with all figures included or attached.

Guidelines for Submitting the Copyright Form

All authors are kindly asked to complete and submit the **Springer copyright form**.

- The form is attached to this email.
- It should be signed by at least one corresponding author.
